“Shooting sports can be gratifying for youngsters, especially those who aren't athletes. The program provides a supportive environment in which young people can experience hands-on, fun learning experiences.”

The focus of all 4-H programs is the development of youth as individuals and as responsible and productive citizens. The 4-H Shooting Sports Program stands out as an example. Youth learn marksmanship, the safe and responsible use of firearms, the principles of hunting and archery, and much more. The activities of the program and the support of caring adult leaders provide young people with opportunities to develop life skills, self-worth, and conservation ethics.
